- 30+ Years Plant Engineering Expertise

WHO WE ARE

S R Engineering Works (SREW Infra Projects) is an ISO 9001:2015 certified manufacturer and turnkey supplier of heavy-duty industrial crushing, screening, sand processing, and material handling plants. Established in 2005 at IDA Jeedimetla, Hyderabad, we have delivered 50+ complete plant projects across India, backed by 30+ years of engineering expertise.

ISO 9001:2015
Certified Manufacturer

GSTIN Verified
36BEIPR4767N1ZL

50+ Projects
PAN India delivered

9+ States
Installations & service

CORE STRENGTHS

In-House Fabrication
Lathe, CNC machining, MIG/TIG/SAW welding, plate bending, all under one roof at Jeedimetla

Steel Foundry Tie-Ups
Custom alloy castings (Mn-13/Mn-18), forged shafts, wear liners via IS-certified foundry partners

6-Month Warranty
Full manufacturing warranty on all equipment covering defects, dimensional & performance issues

25% Loyalty Discount
Returning customers get 25% off all new projects, spare parts, and expansion orders, always.

PRODUCTS — CRUSHING & SCREENING EQUIPMENT

In-House Designed & Manufactured · Full SKU Range

JCP Series — **30 – 800 TPH**

JAW CRUSHER PLANTS

Primary rock breaking for basalt, limestone, granite & hard rock quarrying

CC Series — **50 – 500 TPH**

CONE CRUSHERS

Secondary & tertiary crushing with high reduction ratio, cubical output

VSI/HSI — **50 – 300 TPH**

VSI / HSI CRUSHERS

Manufactured sand (M-Sand) production, aggregate reshaping & shaping

RC Series — **30 – 200 TPH**

ROLLER CRUSHERS

Coal, limestone, clay, gypsum and friable material processing

VS Series — **50 – 600 TPH**

VIBRATING SCREENS

2-deck & 3-deck multi-size screening with PU or woven wire media

GF Series — **50 – 500 TPH**

GRIZZLY FEEDERS

Heavy-duty primary feeders with scalping for controlled raw material feeding

★ **All models customization to capacity. Modular expansion available without full plant replacement.**

PRODUCTS — PROCESSING, TRANSPORT & AUTOMATION

Complete Plant Ecosystem · 12 Equipment Categories

SD Series — 20 – 100 TPH

SAND DRYERS

Rotary drum dryers for M-Sand & natural sand. Output moisture below 1%

MSP Series — 20 – 300 TPH

M-SAND PLANTS

Complete VSI + dryer + silo lines. IS 383 compliant output for construction

CDR Series — 30 – 200 TPH

C&D RECYCLING PLANTS

Demolition waste to reusable aggregates — circular economy solution

BC Series — 500–1400mm

BELT CONVEYORS

Heavy-duty aggregate, sand & mineral transport conveyors — any length

PCP Series — Custom

PLC CONTROL PANELS

Siemens / Allen Bradley / Delta PLC panels with SCADA-ready automation

SH Series — 10–200 Tons

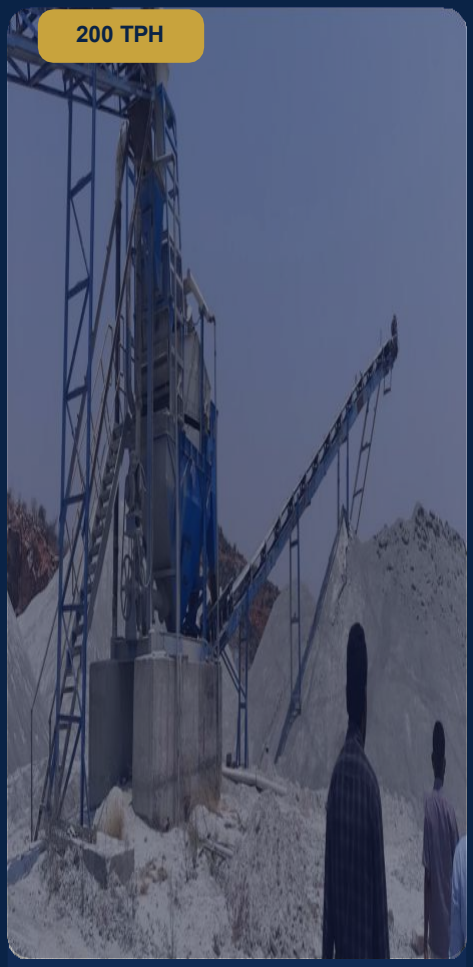

SILOS & HOPPERS

Bulk storage & raw material receiving systems for seamless plant integration

★ **OEM spare parts available for every model. Custom specs on request. Turnkey supply + installation included.**

FEATURED PROJECTS

50+ Plants Delivered Across India · Every Project Site-Engineered for Maximum Throughput

200 TPH Crushing & Screening Plant

■ **West Bengal, India**

- 3 output aggregate sizes + washed sand
- Compact 3-acre layout design
- Jaw crusher + cone + 3-deck screen
- Full belt conveyor network

400 TPH Aggregate Plant

■ **Singareni Collieries, Telangana**

- 385+ TPH sustained through monsoon season
- All-weather plant design validated
- Consistent performance in wet conditions
- Multi-stage crushing + screening

40 TPH Mobile Crushing Unit

■ **Odisha, India**

- Deployed & operational within 20 days
- Successfully relocated to 6+ sites
- Fully mobile, skid-mounted design
- Rapid deployment anywhere in India

HOW WE BUILD

In-House + Foundry Partner Manufacturing

Our IDA Jeedimetla Manufacturing Facility — Hyderabad

01 REQUIREMENT ANALYSIS
Site visit, material type, capacity, budget

02 ENGINEERING DESIGN
Plant layout, BOM, civil foundation drawings

03 IN-HOUSE FABRICATION
Lathe, CNC, welding bays — full in-house control

04 FOUNDRY CASTING
Custom alloy steel via IS-certified partner foundry

05 ASSEMBLY & TESTING
Pre-dispatch load trial & dimensional checks

06 INSTALLATION & PLC
Mechanical, electrical, PLC programming on-site

■ 6-MONTH MANUFACTURING WARRANTY
All equipment covered for defects, dimensional & performance issues

SPARE PARTS SUPPORT

OEM · Custom-Built · Lifetime Availability

■ CRUSHING WEAR PARTS
- › Jaw plates (Mn-13 / Mn-18 steel)
- › Cone mantles & bowl liners
- › VSI rotor tips & anvil rings
- › Roller shells (smooth & toothed)

■ SCREENING MEDIA
- › Polyurethane screen panels
- › Woven wire mesh decks
- › Rubber-lined screen frames
- › Tensioning systems & clamps

■ DRIVE & MECHANICAL
- › V-belts & eccentric shafts
- › Flywheels, pulleys & bearings
- › Gear boxes & couplings
- › Motor mounting plates

■ CONVEYOR PARTS
- › Conveyor belts (all widths)
- › Drive & tail pulleys
- › Carrying & return idlers
- › Belt scrapers & skirting

■ ELECTRICAL & PLC
- › VFDs & soft starters
- › Sensors & limit switches
- › Control panel components

■ CUSTOM-BUILT PARTS
- › Special profile liners & rings
- › One-off shaft forgings
- › Any non-catalogue requirement

PLANT CONFIGURATIONS & ROI SNAPSHOT

Plant Config	Capacity	CAPEX (■)	Payback	5-Yr Return
Starter Jaw Unit	30–60 TPH	**35–65 Lakhs**	18–24 m	**4–5× CAPEX**
Medium Aggregate Plant	100–150 TPH	**80–140 Lakhs**	14–18 m	**5–6× CAPEX**
Large Quarry Plant	200–300 TPH	**1.5–2.5 Cr**	10–14 m	**6–7× CAPEX**
M-Sand Production Line	50–100 TPH	**60–100 Lakhs**	12–16 m	**5× CAPEX**
High-Cap Quarry Plant	400–800 TPH	**3–6 Crores**	8–12 m	**7–8× CAPEX**
C&D Recycling Plant	50–150 TPH	**50–90 Lakhs**	18–24 m	**4× CAPEX**

WHY CHOOSE SREW

■ **In-House Manufacturing**

Lathe, CNC, MIG/TIG/SAW, plate bending — no third-party delays

■ **Foundry Tie-Ups**

Custom alloy castings, Mn-steel wear parts via IS-certified foundry

■ **6-Month Warranty**

Full coverage on manufacturing defects & performance across all equipment

■ **Fast Deployment**

Mobile units in 20 days. Stationary plants commissioned in 45–90 days

■ **PLC Automation**

Siemens/AB/Delta PLCs, SCADA-ready for data-driven operations

■ **All-Weather Plants**

Monsoon-proven, 385+ TPH sustained at Singareni through peak monsoon
