Mobile Crushing Plants

Standard category: 20-250 TPH | Listed models begin at 50 TPH

SREW Projects mobile equipment photograph; final configuration is project-specific.

Standard wheel-mounted and modular models

Model	Capacity	Configuration	Price
Mobile cone crusher plant	50-150 TPH	Cone + screen (secondary)	INR 38,50,000 + GST (INR 45,43,000 incl. 18% GST)
50 TPH mobile crusher plant, wheel mounted	50 TPH	Jaw crusher (jaw opening 500 x 300 mm) + screen, wheel chassis	INR 56,00,000 + GST (INR 66,08,000 incl. 18% GST)
Tyre mounted mobile crusher plant	50-100 TPH	Jaw + 2-3 deck screen	INR 60,00,000 + GST (INR 70,80,000 incl. 18% GST)
Mobile jaw crusher plant 100 TPH	100 TPH	Jaw 30x18 + screen	INR 65,00,000 + GST (INR 76,70,000 incl. 18% GST)
Mobile stone crusher plant 200 TPH	200 TPH	Jaw + cone + 3-deck screen	INR 1,20,00,000 + GST (INR 1,41,60,000 incl. 18% GST)
Mobile crushing plant 250 TPH	250 TPH	Jaw + cone + screen on 2 chassis	INR 1,30,00,000 + GST (INR 1,53,40,000 incl. 18% GST)
Modular mobile crushing plant	150-250 TPH	Jaw + cone/VSI + screens on skids	INR 1,35,00,000 + GST (INR 1,59,30,000 incl. 18% GST)

Mini Mobile Plants

Separate range: 2-10 TPH

Illustrative 5 TPH render; final equipment layout and specification require confirmation.

Model	Capacity	Configuration	Price
2 TPH mini mobile plant	2 TPH	Mini jaw and screen; final specification by quotation	INR 5,20,000 + GST (INR 6,13,600 incl. 18% GST)
5 TPH mini mobile plant	5 TPH	Jaw and vibrating screen on mobile chassis; final specification by quotation	INR 6,00,000 + GST (INR 7,08,000 incl. 18% GST)
10 TPH mini mobile plant	10 TPH	Wheel-mounted jaw and screen; feed size, jaw model and grading require confirmation	INR 18,45,000 + GST (INR 21,77,100 incl. 18% GST)

10 TPH published price: INR 18,45,000 + GST (INR 21,77,100 including 18% GST). Jaw model, maximum feed size and output grading remain subject to engineering confirmation. Site foundations, lifting, utilities and relocation arrangements must be agreed in the quotation.

Request a confirmed quotation

Share the material, maximum feed size, output sizes, required capacity, available power and project location. Our team will confirm the equipment, civil works, delivery and commissioning scope.
